

CONTACT INFORMATION	The University of Chicago Booth School of Business 5807 S. Woodlawn Ave. Suite 338 Chicago, IL 60637 USA	<i>Office:</i> (773) 834-8523 <i>Cell:</i> (412) 447-1810 <i>E-mail:</i> mkolar@chicagobooth.edu <i>WWW:</i> sites.coffeejunkies.org/mkolar
RESEARCH INTERESTS	Dynamic networks estimation, Theory of estimating varying coefficient models and their applications, High-dimensional statistics, Regulatory networks estimation, Social media analysis	
POSITIONS	The University of Chicago Booth School of Business Assistant Professor of Econometrics and Statistics	July 2013 - present
EDUCATION	Carnegie Mellon University , Pittsburgh, Pennsylvania USA Ph.D. Candidate, Machine Learning Department, August 2007 - July 2013 <ul style="list-style-type: none"> • Thesis Title: “Uncovering Structure in High-Dimensions: Networks and Multi-task Learning Problems“ • Advisor: Eric P. Xing University of Zagreb , Zagreb, Croatia Faculty of Electrical Engineering and Computing, October 2001 - September 2006 <ul style="list-style-type: none"> • Diploma [B.Sc] in Computer Engineering (4.00 GPA) • Thesis topic: correspondence analysis applied to text data 	
HONORS AND AWARDS	2014-2017, IBM Corporation Faculty Scholar 2015, J. T. Oden Faculty Fellow 2014, SIGKDD Dissertation Awards, Honorable mention 2013, Simons-Berkeley Research Fellow 2010–2011, Facebook Fellowship 2006, Rector’s Award (University of Zagreb), for work on computer aided document indexing 2006, “SCIENCE” award for the best undergraduate paper in the field of technical sciences 2006, Award Josip Loncar, given for the best student in the class 2005, Winner of the prestigious scholarship “Top Stipendija” (best 25 students in the country) 2002, 7th place in ACM Central Europe Programming Contest (participated 2001, 2003) 2001, Bronze medal in International Olympiad in Informatics, Finland 2000/2001, Participated in American Computer Science League 1998, 2nd place in Regional Chess Competition	
RESEARCH EXPERIENCE	Facebook, Inc. <i>Software engineering intern</i> Worked on a large scale system for multi-task learning in the Ads Optimization team.	May 2011 - September 2011
	INRIA Rocquencourt , Paris, France	September 2010 - December 2010

Visiting researcher with Willow team (<http://www.di.ens.fr/willow/index.php>)
Worked with Francis Bach and Guillaume Obozinski on the problem of convex matrix factorization and multi-task learning.

Joint Research Center, Ispra, Italy **December 2006 - July 2007**

Trainee in the language technology department (<http://langtech.jrc.it>)
Improved a system for indexing of news, coming from 22 languages in EU. The system deals with a huge number of documents on daily basis. (<http://press.jrc.it/>)

Faculty of Electrical Engineering and Computing **September 2004 - June 2006**
Zagreb, Croatia

Developed application for aided document indexing of Croatian legislative documents. Worked in a team member of seven people. Developed software in C++ and designed the application. Scientific contributions of the project were reported in [1] and [2] and the work was awarded with Rector's award. (<http://textmining.zemris.fer.hr>)

Worked on correspondence analysis for my diploma thesis. Created a module for correspondence analysis for the open source project Orange. (<http://www.ailab.si/orange>)

Laboratory for signals and systems, Zagreb, Croatia **February 2005 - December 2005**

Developed a web-based application for digital watermarking. Designed the architecture of the system for copyright detection and implemented it in C++. (<http://watermark.lss.hr>)

TEACHING
EXPERIENCE

B41204 Machine Learning **Fall 2015, Spring 2016, Winter 2017**
The University of Chicago Booth School of Business

B41000 Business Statistics **Spring 2014, Spring 2015, Spring 2016**
The University of Chicago Booth School of Business

10-601 Machine Learning, Carnegie Mellon University **Fall 2011**

10-702 Statistical Machine Learning, Carnegie Mellon University **Spring 2010**

Croatian informatics association, Zagreb, Croatia **2001 - 2004**

Taught algorithm to high-school students, preparing for Croatian and international competitions in informatics. Other responsibilities included creating puzzles for country competition in informatics.

PROFESSIONAL
SERVICE

Organizer or Co-organizer

- Modern Nonparametric Methods in Machine Learning Workshop, Neural Information Processing Systems 2012, 2013, 2014, 2016
- Structured Sparsity: Learning and Inference Workshop, International Conference on Machine Learning 2011
- Machine Learning Lunch seminar at Carnegie Mellon University (2009 - 2013)

Committee and services:

- Senior Program Committee, Artificial Intelligence and Statistics 2015, 2016, 2017
- Area Chair, International Conference for Machine Learning 2014, 2015, 2016
- Program Committee, WWW 2014 Workshop on Big Graph Mining
- Joint Statistical Meeting 2011 - Session chair - New Tools for the Analysis of Large-Scale, Complex Data Sets
- Machine Learning Department Social Committee member (Jan 2010 - Dec 2010)
- Machine Learning Department Admission Committee (Dec 2009 - Apr 2010)

Reviewer

- Annals of Statistics, Annals of Applied Statistics, Journal of American Statistical Association, Biometrika, Journal of Machine Learning Research, Machine Learning Journal, IEEE Transactions on Signal Processing, IEEE Transactions on Pattern Analysis and Machine Intelligence, Statistics and Computing, Statistica Sinica, Journal of Computational and Graphical Statistics, Electronic Journal of Statistics, Transactions on Knowledge and Data Engineering, Bernoulli, AISTats, NIPS, ICML, Marketing Science, Journal of Econometrics
